Dr. Kiran Sonekar, Project Director of Stop Cancer Mission, and Mr. Pravin Naidu, Administrative Director of Stop Cancer Mission, were the resource persons for this session. He also shared information about local cancer treatment centers where low-cost diagnostic tests and treatments can be performed for needy people. This instructive session was highly beneficial, as DBCOP employees and about 50 ladies from the grampanchayats of Velahari, Pipla, and Besa were enlightened on cancer awareness.

Outcome (Feedback Analysis):

The DBCOP Women Development Cell started a program to educate women in surrounding villages like Velahari, Pipla, and Besa about cancer in women. As a result, about 50 women got information about the causes, diagnosis, and treatment of cancer as well as the availability of nearby hospitals for treatment. Benefits of this "Cancer awareness programme" were received directly by 50 women and indirectly by their families through this awareness campaign. A few of these women have also signed up for "Stop Cancer Mission" membership cards in order to get benefit from a variety of services like inexpensive diagnostic tests and doctor consultations.
