The Institution has facilities and initiatives for

Sr No		Facilities	Description
1	Alternate sources of energy and energy conservation measures	<ul style="list-style-type: none">• Solar panel• Energy audit• LED Lights	In our institution, we have solar panels, through which some lights are connected. By considering energy conservation, our college has made a conscious decision to replace existing lights and lighting equipment with LED bulbs as they have been proven comparatively more energy efficient. More importantly, the college administration has strictly directed the Teachers, Students, and especially office Assistants and all other Stakeholders to see that all lights and fans are switched off after used.
2	Management of the various types of degradable and non-degradable waste	<ul style="list-style-type: none">• compost pit• Sandpit• Incinerator for animal waste• Incinerator for Sanitary Napkins	The Institute facilitates several techniques for the management of degradable and non-degradable waste. The primary focus is to reduce, reuse and recycle the waste. It was stressed that we should avoid plastic items to the best possible capacity. For solid waste management, different bins have been placed in different departments. For chemical waste disposal, we use the sand pit.
