Program / Celebration Report

Name of the Program Conducted: Annual Sports

Relevant Occasion: As per yearly plans of Programmes

Date: 17-19/07/2020

Venue: Dadasaheb Balpande College of

Pharmacy, Besa, Nagpur.

Relevance to Pos: II, III, V, IX, X

Objectives:

1. To develop physical fitness by maintaining and increasing such components as speed, flexibility, muscular strength, muscular endurance, aerobic capacity and anaerobic capacity.
2. To prepare each student to be able to participate fully in the competitive, recreational and leisure opportunities offered outside the school environment.
3. To develop leadership skills and foster qualities of co-operation, tolerance, consideration, trust and responsibility when faced with group and team problem-solving tasks.
4. To develop self-esteem and self-confidence through positive sporting experiences.
5. To use sport as a means to develop social interaction and so learn about others as well as themselves

Beneficiary: Students, Institution

Program organizing committee: Mrs. V.V.Rokde

Expected outcome:

Teaches the value of teamwork. In real work environments, team skills are some of the most valuable attributes an employee can have. The ability to work well with others can lead to job security and promotions.

Teaches the value of sportsmanship. The ability to accept defeat gracefully is a sign of maturity and a requisite skill for success. The ability to bounce back strong from a fall will able students to experience personal triumph and immense joy. Losses teach students to rebound stronger next time, practice craft, and learn from mistakes, while wins teach students to never rest on their laurels but to keep practicing, and always maintain a fighting form. Playing sports teach students to refrain from boastful arrogance and instead to learn to be realistic and humble.

Teaches the value of sportsmanship. The ability to accept defeat gracefully is a sign of maturity and a requisite skill for success. The ability to bounce back strong from a fall will able students to experience personal triumph and immense joy. Losses teach students to rebound stronger next time, practice craft, and learn from mistakes, while wins teach students to never rest on their laurels but to keep practicing, and always maintain a fighting form. Playing sports teach students to refrain from boastful arrogance and instead to learn to be realistic and humble.
